# THE PROBLEM

How can I know if I am  
Italian?

## **Maternal bloodline**

Verify that your mother, grandmother, great-grandmother, or great-great-grandmother were Italians or of Italian heritage. If these descendants were born in Italy before 1948, according to the Civil Code of 1865 and Statute 555 of 1912, Italian citizenship could not be passed down..

# 03

## All rise!

If in your direct lineage there is a great-great grandmother, great grandmother, great grandmother, or mother of Italian descent, there has been discrimination as they have not been able to pass down their Italian citizenship. In a clear and transparent manner we can help you overcome this previous injustice.

# OUR SOLUTION

If you have a case for Italian citizenship, we will take it.
